Group Worksheet – Green IT in Practice

Phase: Phase 2 – Exploration (Investigate & Compare)
Duration: 15 min (Group Work)

Instructions for Students:
Work in groups of 3–4. Read the slides about Green IT organisational measures (slides 11–18). Use this worksheet to summarize and rank the most important sustainable IT actions you found.

Step	Task	Notes / Examples
1	Identify all sustainability measures mentioned in your section (production, workplace, data centers, etc.)	e.g. Energy Star devices, EMAS certification, server virtualization
2	Discuss and agree on five key practices that have the greatest environmental impact.	
3	Fill in the table below.	
4	Prepare to present your top 5 to the class (2 min summary).	

Your Group's Top 5 Sustainable IT Practices:

#	Practice	Where applied (e.g. workplace, data center)	Environmental Benefit	Possible Challenges
1				
2				

Co-funded by the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

3

4

5

Follow-Up Discussion:
- Which of these practices could your school adopt easily?
- Which ones need support from management or policy?
